CHICAGO, April 22.—The excitement in the wheat-pit on the Board of Trade was continued to-day. As on yesterday the bears had the best of it, and they improved their opportunities by forcing a further reduction in values. There were coeasional railies but the general tendency was downward, and the net result of the day's trading was a reduction of 25%c. in values. The other articles dealt in were in sympathy with the weakness in wheat and show a material loss in prices. At the opening bell the bears swarmed into the wheat-pit, apparently resolved to recoup themselves for the losses which they have sustained during the present advance. They played a bold game, and their onslaught was irresistible. The wheat-pit, apparently resolved to recoup themsolves for the losses which they have sustained

## FOOLISH WOMEN.

Why Will They Be So Thoughtless and Careless Even About Matters Which Concern Their Beauty?

Their Beauty?

The plainest features become pretty when clothed with a fresh, velvety skin. It is in the power of every woman to have a soft, fine skin, thus adding much to her charms, if she will devote a little time and care to her toilet. It should be a duty as well as a pleasure to every woman to enhance her powers of attractiveness.

So says the highest authority in London. But nothing can be more abound than for any lady to try and be beautiful simply by powdering the face, or applying cream or ofntment. These things are necessary, it is true; but something else is more important. Good, refreshing sleep; warm, circulating blood, which never permits cold feet or blue noses. These things make beauty quicker than any powders or lotions can. But my lady geader says, How can this be done. Keep the blood moving by some gentle atimulant, and for this purpose nothing is equal to pure whiskey. Not the whiskey one commonly hears of; not the questionable kind that is drunk by gross men in grosser places; but something pure, paintable, and pleasing. This is precisely what Duty's Fure Mait Whiskey is, and what has made it so immeasurably popular. The loss of colour of the finest decorate in the land prescribe it. The finest

MILIS.—Died, at his residence, in the county of Goochland, on the 16th instant, after a long and painful tilness, Mr. JOHN D. MILLS, in the seventy-eighth year of his age. Truly may it be said: "A good manti. Israel has failen."

Though naturally reserved and undemonstrative in disposition, yet beneath this calm exterior there pulsed a heart as warm and as true as ever glowed in the bosom of man.

Every element which goes to make up a desirable character was possessed in an eminent degree by him.
